

DIVERSITY PROJECT

WEBINAR

New Ways of Working in the New Normal.

24 June 2020

Promoting flexible working in the investment and savings industry.

The case for diversity and inclusion has been ongoing and as we face an uncertain world, we need to think innovatively on how to build an inclusive culture around flexible working. We are delighted to invite you to the **New Ways of Working in the New Normal** webinar on **Wednesday, 24 June at 16:00 BST**, as we discuss how to boost flexible working and staff retention in the investment and savings industry.

As a result of the **insight** from the Diversity Project and Timewise programme, we will also be sharing a set of proposed actions for our industry to commit to in order to support the transitioning from the current rapid response remote working to a more systemic sustainable approach to flexible working.
